

INDEPENDENT AUDITOR'S REPORT

To the Members of Bigfoot Retail Solutions Private Limited

Report on the Audit of the Standalone Financial Statements**Opinion**

We have audited the accompanying standalone financial statements of Bigfoot Retail Solutions Private Limited ("the Company"), which comprise the Balance sheet as at March 31, 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

As more fully described in note 41 of Ind AS standalone financial statements, the comparative financial statements of the Company for the corresponding year included in the financial statement have been restated to give the effect to the adjustments arising from the Business Combination of Bigfoot Retail Solutions Private Limited and Glaucus Supply Chain Solutions Pvt. Ltd., wholly owned subsidiaries of the Company, with the Company. Further, the current year financial statements, of such subsidiaries upto the period described in aforesaid note have also been audited by another auditors. The independent auditor's reports on financial statements of these entities have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures in respect of such subsidiaries are based solely on the report of such auditors and procedures performed by us as stated in paragraph basis of opinion above.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of accounts required by law have been kept by the Company so far as it appears from our examination of those books except that the backup of the books of account and other books and papers maintained in electronic mode has not been maintained on servers physically located in India on daily basis.
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023, from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) The observation relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above;
- (g) With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- (h) The provisions of section 197 read with Schedule V of the Act are not applicable to the Company for the year ended March 31, 2023;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 33 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv.
 - a) The management has represented that, to the best of its knowledge and belief, , no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
 - v. No dividend has been declared or paid during the year by the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- vi. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only w.e.f. April 1, 2023, reporting under this clause is not applicable.

ANNEXURE 1 REFERRED TO IN PARAGRAPH 1 OF REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS OF OUR REPORT OF EVEN DATE**Re: Bigfoot Retail Solutions Private Limited ('the Company')**

In terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangibles assets.
- (b) All Property, Plant and Equipment were physically verified by the management in the previous year in accordance with a planned programme of verifying them once in three years which is reasonable having regard to the size of the Company and the nature of its assets.
- (c) There is no immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), held by the Company and accordingly, the requirement to report on clause 3(i)(c) of the Order is not applicable to the Company.
- (d) The Company has not revalued its Property, Plant and Equipment or intangible assets during the year ended March 31, 2023.
- (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory at monthly intervals during the year. In our opinion the coverage and the procedure of such verification by the management is appropriate. No discrepancies of 10% or more in aggregate for each class of inventory were not noticed on such physical verification. There was no inventory lying with the third parties.
- (b) The Company has not been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks or financial institutions during any point of time of the year on the basis of security of current assets. Accordingly, the requirement to report on clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) (a) During the year the Company has provided loan to its subsidiaries as follows:

Particulars	Amount (Rs in million)
Aggregate amount granted/provided during the year - Subsidiaries Companies	518.92
Balance outstanding as at balance sheet date in respect of above cases - Subsidiaries Companies	518.92

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (b) The terms and condition of loans of Rs 518.92 Mn granted during the year by the Company to its subsidiaries and balance outstanding as at balance sheet date Rs 518.92 Mn are not prejudicial to the Company's interest.
- (c) In respect of loan of Rs 518.92 Mn granted by the Company to its subsidiaries, repayable on demand, the schedule of repayment of principal and payment of interest has been stipulated and the repayment or receipts are in accordance with that.
- (d) There are no amounts of loans and advances in the nature of loans granted to companies, firms, limited liability partnerships or any other parties which are overdue for more than ninety days.
- (e) There were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties which was fallen due during the year.
- (f) As disclosed in note 6(v) to the financial statements, the Company has granted loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Of these following are the details of the aggregate amount of loans or advances in the nature of loans granted to promoters or related parties as defined in clause (76) of section 2 of the Companies Act, 2013.

Particulars	Amount (Rs in million)
Aggregate amount of loans granted during the year to subsidiaries	518.92
- Repayable on demand	
Percentage of loans to the total loans	100%

- (iv) Loans, investments, guarantees and security in respect of which provisions of sections 185 and 186 of the Companies Act, 2013 are applicable have been complied with by the Company.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) The Company is not in the business of sale of any goods or provision of such services as prescribed. Accordingly, the requirement to report on clause 3(vi) of the Order is not applicable to the Company.
- (vii) (a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases. The provisions relating to sales tax, service tax, duty of customs, duty of excise and value added tax are not applicable to the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, as at the March 31, 2023, for a period of more than six months from the date they became payable.

(b) The dues of income-tax have not been deposited on account of any dispute, are as follows:

Name of the statute	Nature of the dues	Amount (Rs in million)	Period to which the amount relates	Forum where the dispute is pending	Remarks, if any
Income Tax Act, 1961	Income Tax	1.65	AY 2018-19	Commissioner of Income Tax Appeals	NA
Income Tax Act, 1961	Income Tax	0.8	AY 2018-19	Commissioner of Income Tax Appeals	NA
Income Tax Act, 1961	Income Tax	0.03	AY 2018-19	Commissioner of Income Tax Appeals	NA
Total of income tax		2.48			

(viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.

(d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries and associates or joint ventures.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence, the requirement to report on clause (ix)(f) of the Order is not applicable to the Company.

(x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (b) The Company has complied with provisions of sections 42 and 62 of the Companies Act, 2013 in respect of the preferential allotment of equity shares raised during the year. The amount raised, have been used for the purposes for which the funds were raised except for idle/surplus funds amounting to Rs 2,550 Mn which were not required for immediate utilization and which have been gainfully invested in liquid investments payable on demand. The maximum amount of idle/surplus funds invested during the year was Rs 2,550 Mn, of which Rs 2,550 Mn was outstanding at the end of the year.
- (xi) (a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.
- (b) During the year, no report under sub-section (12) of section 143 of the Act has been filed by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government. The requirement to appoint Cost and Secretarial auditor is not applicable to the Company.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) (a) The Company is not a nidhi Company as per the provisions of the Act. Therefore, the requirement to report on clause 3(xii)(a), (b) and (c) of the Order is not applicable to the Company.
- (xiii) Transactions with the related parties are in compliance with sections 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of section 177 are not applicable to the Company and accordingly the requirements to report under clause 3(xiii) of the Order in so far as it relates to section 177 of the Act is not applicable to the Company.
- (xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.
- (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with him as referred to in section 192 of Companies Act, 2013. Accordingly, the requirement to report on clause 3(xv) of the Order is not applicable to the Company.
- (xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause (xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) There is no Core Investment Company as a part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (xvii) The Company has incurred cash losses in the current year amounting to Rs. 377.55 Mn. In the immediately preceding financial year, the Company had incurred cash losses amounting to Rs. 110.82 Mn.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.
- (xix) On the basis of the financial ratios disclosed in note 42 to the financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) (a) The provisions of Section 135 to the Companies Act, 2013 in relation to Corporate Social Responsibility is not applicable to the Company. Accordingly, the requirement to report on clause 3(xx)(a) of the Order is not applicable to the Company.
- (b) The provisions of Section 135 to the Companies Act, 2013 in relation to Corporate Social Responsibility is not applicable to the Company. Accordingly, the requirement to report on clause 3(xx)(b) of the Order is not applicable to the Company.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF BIGFOOT RETAIL SOLUTIONS PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Bigfoot Retail Solutions Private ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to Standalone financial statements for the year ended March 31, 2023

(All amounts in Rs. Millions, unless otherwise stated)

1 Corporate Information

Bigfoot Retail Solutions Private Limited ("Shiprocket" or "the Company") is a private limited company incorporated on September 28, 2011, under the relevant provisions of erstwhile Companies Act, 1956. Shiprocket is an e-commerce enablement platform powering direct commerce. Shiprocket helps small businesses, retail brands, direct-to-consumer merchants, and social commerce retailers scale through its technology stack.

The Standalone financial statements have been approved by the Company's Board of Directors on September 27, 2023.

2 Summary of significant accounting policies

2.1 Basis of preparation

These standalone financial statements have been prepared in accordance with the requirements of Indian Accounting Standards specified under section 133 of the Companies Act 2013 ("the Act"), read with of the Companies (Indian Accounting Standards) Rules, 2015, as amended and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the standalone financial statements.

Pursuant to the Companies (Indian Accounting Standard) Second Amendment Rules, 2015, the Company has adopted March 31, 2023 as reporting date for first time adoption of Indian Accounting Standard (Ind-AS) and consequently April 01, 2021 as the transition date for preparation of standalone financial statements. The standalone financial statements for the year ended March 31, 2023, are the first standalone financials, prepared in accordance with Ind-AS. Up to the financial year ended March 31, 2022, the Company prepared its standalone financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ("previous GAAP" or "Indian GAAP"). For preparing these standalone financial statements, opening balance sheet was prepared as at April 1, 2021 i.e. the date of transition to Ind-AS. The figures for the previous periods and for the year ended March 31, 2022 and April 1, 2021 have been restated, regrouped and reclassified, wherever required to comply with Ind-AS and Schedule III to the Companies Act, 2013. (Refer note 41 for details)

These standalone financial statements have been prepared under the historical cost convention on the accrual basis except certain financial instrument which are measured at fair values, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

This note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

The standalone financial statements are presented in Indian Rupees and all amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest millions, within two decimals, unless otherwise stated.

2.2 Summary of significant accounting policies

a) Use of estimates

The preparation of standalone financial statements in conformity with the principles of Ind AS requires the management to make judgements, estimates and assumptions that effect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, information about the significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements are disclosed in note No. 26.

b) Business acquisition and Goodwill

Business combinations are accounted for using the acquisition method or pooling of interest method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets.

The Company determines that it has acquired a business when the acquired set of activities and assets include an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired process is considered substantive if it is critical to the ability to continue producing outputs, and the inputs acquired include an organised workforce with the necessary skills, knowledge, or experience to perform that process or it significantly contributes to the ability to continue producing outputs and is considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

Acquisition method

The acquisition method of accounting is used to account for all business combinations. The consideration transferred for the acquisition of a subsidiary comprises the:

- (i) fair values of the assets transferred;
- (ii) liabilities incurred to the former owners of the acquired business;
- (iii) equity interests issued by the Company; and
- (iv) fair value of any asset or liability resulting from a contingent consideration arrangement.

The excess of the

- (i) consideration transferred;
 - (ii) amount of any non-controlling interest in the acquired entity, and
 - (iii) acquisition-date fair value of any previous equity interest in the acquired entity
- over the fair value of the net identifiable assets acquired and liabilities assumed is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised in other comprehensive income and accumulated in equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Companies cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units. A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired.

Pooling of Interest method

Ind AS 103, Business Combinations, prescribes significantly different accounting for business combinations which are not under common control and those under common control. Business combinations involving entities or businesses under common control shall be accounted for using the pooling of interest method.

The pooling of interest method is considered to involve the following:

- The assets and liabilities of the combining entities are reflected at their carrying amounts.
- No adjustments are made to reflect fair values or recognize any new assets or liabilities. The only adjustments that are made are to harmonies accounting policies.
- The financial information in respect of prior years should be restated as if the business combination had occurred from the beginning of the preceding year in the standalone financial statements, irrespective of the actual date of the business combination.
- The identity of the reserves has been preserved and appear in the financial information of the transferee in the same form in which they appeared in the financial information of the transferor.
- The difference, if any, between the consideration and the amount of share capital of the acquired entity is transferred to capital reserve.

c) Current versus Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- It is expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

d) Foreign Currencies

Items included in the Standalone Financial Statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Company's Standalone Financial Statements are presented in Indian Rupee ('the functional currency') which is also the Company's functional and presentation currency.

Transactions and balances

Transactions in foreign currencies are initially recorded in the functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the company uses an average rate if the average approximates the exchange rates at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit and loss with the exception of the following:

- In the standalone financial statements that include the foreign operation and the reporting entity (e.g., standalone financial statements when the foreign operation is a branch), such exchange differences are recognised initially in OCI. These exchange differences are reclassified from equity to profit and loss on disposal of the net investment.
- Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

e) Fair value measurement

The Company measures financial instruments (recorded at fair value through P&L or OCI) at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets and liabilities. Involvement of external valuers is decided on the basis of nature of transaction and complexity involved. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

At each reporting date, the finance team analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the team verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. A change in fair value of assets and liabilities is also compared with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

f) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment loss, if any. Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit and loss as incurred.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2021 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment. Depreciation on all property plant and equipment are provided on a written down value based on the estimated useful life of the asset, which is as follows:

Category of asset	Useful Lives (Years)
Office Equipment	5
Furniture and Fixtures	10
Computers	3
Mobiles	5
Plant and Machinery	10
Electrical Installations	10

Leasehold improvements are amortised over life based on lease period

The management has estimated the useful lives and residual values of all property, plant and equipment and adopted useful lives based on management's technical assessment of their respective economic useful lives. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on the assets purchased during the year is provided on pro rata basis from the date of purchase of the assets. Individual assets costing less than Rs. 5,000 are fully depreciated in the year of purchase.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

g) Intangible assets

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than the carrying amount.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition.

Following initial recognition, Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the year in which the expenditure is incurred. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets (other than those acquired in business combination) with finite lives are amortised on a straight line basis over the estimated useful economic life being 3 years. All Intangible assets (other than goodwill) are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation year and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting year. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation year or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Intangible assets acquired in business combination, include technology platforms, Customer relationships and non-compete which are amortised on a straight line basis over their estimated useful life which is as follows:

Nature of asset	Useful Lives (Years)
Technology platform	7
Customer relationships	7
Non-compete fees	3
Softwares	3

h) Leases

On initial application of Ind AS 116, the Company has adopted modified retrospective approach and has recognised Right of use asset and lease liability on initial application at the present value of the remaining lease payments, discounted using the Company's incremental borrowing rate at as at April 01, 2021.

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right of use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

"If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section (r) Impairment of non-financial assets."

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases

The Company applies the short-term lease recognition exemption to its properties (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

i) Inventories

Inventories comprise of mainly packaging material which are valued at lower of cost and net realizable value. Cost includes the cost of purchase, duties, taxes (other than those recoverable from tax authorities) and other cost incurred in bringing the inventories to their present location and condition. Cost is determined on first in first out basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and those necessary to make the sale.

j) Revenue recognition

The Company's revenue primarily stems from its innovative merchant solutions deeply rooted in cutting-edge technology. These merchant solutions revolve around shipping, fulfilment and conversion technology, serving as a bridge connecting retailers, carriers, and consumers on both national and international fronts. The Company's advanced technology plays a pivotal role in powering shipping and fulfilment for SMEs, D2C retailers, and social commerce sellers, while also offering a comprehensive technology stack for retailers to seamlessly integrate their shopping websites or their other channels for efficient inventory and order management.

Within the realm of merchant solutions, the Company generates revenue through a range of technology-driven services. This includes one-time setup fees, subscription charges, platform fees and value-added services, as well as revenue derived from shipping and logistics solutions, payment management, and state-of-the-art fulfilment solutions. The company's principal method of charging its revenue is on a pay-for-use model i.e. the company monetises its products or services on a per-transaction basis. These technology-driven services are strategically designed to empower and optimize merchants' use of the tech-based platform, ultimately constituting a significant portion of the Company's overall revenue.

Arrangements with merchants do not provide the merchants with the right to take possession of the software supporting the Company's hosting platform at any time and are therefore accounted for as service contracts. The Company recognizes revenue to depict the transfer of promised services to its customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services by applying the following steps:

- Identify the contract with a customer
- Identify the performance obligations in the contract
- Determine the transaction price
- Allocate the transaction price and
- Recognize revenue when, or as, the Company satisfies a performance obligation.

The Company follows the guidance provided in IND AS 115 Revenue from Contracts with Customers, for determining whether the Company is the principal or an agent in arrangements with customers that involve another party that contributes to providing a specified service to a customer. In these instances, the Company determines whether it has promised to provide the specified service itself (as principal) or to arrange for the specified service to be provided by another party (as an agent). This determination depends on the facts and circumstances of each arrangement.

GST collected from merchants and remitted to government authorities are excluded from revenue.

The Company determines the price for each performance obligation based on observable standalone selling prices. Standalone selling prices are determined considering pricing objectives, market conditions, discounting practices, transaction size, customer demographics, geography, price lists, and go-to-market strategy. This determination involves management consultation and approval. Changes in go-to-market strategies may lead to adjustments in standalone selling prices. Payment is generally received upon invoicing, with payment terms varying by contract type but usually requiring payment within 30 days of the invoice date. The company also allows its merchants to maintain advances. The contracts do not involve significant financing components when there are timing differences between revenue recognition, invoicing, and payment.

Sale of goods

Revenue from sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of goods, the Company considers the effects of variable consideration, the existence of significant financing components, noncash consideration, and consideration payable to the customers (if any).

Dividend

Dividend income is recognized when the Company's right to receive dividend is established by the reporting date.

Interest

Interest income is recognized when it is probable that the economic benefits will flow to the Company and amount of income can be measured reliably. Interest income is recognized using the effective interest method.

Contract balances

The Policy for Contract balances i.e. contract assets, trade receivables and contract liabilities is as follows:

Contract assets

A contract asset is the right to consideration in exchange for services transferred to the customer (which consist of unbilled revenue). If the Company performs by transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is unconditional.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in financial instruments – initial recognition and subsequent measurement.

Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

k) Employee benefits

Provident fund & National Pension Scheme

Retirement benefit in the form of provident fund and national pension scheme (NPS) is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund/NPS. The Company recognizes contribution payable to the provident fund scheme/NPS as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payment or a cash refund.

Gratuity

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Remeasurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the year in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit and loss on the earlier of:

- i) The date of the plan amendment or curtailment, and
- ii) The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- i) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- ii) Net interest expense

Leave encashment

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company recognizes expected cost of short-term employee benefit as an expense, when an employee renders the related service.

Short-term

Liabilities for wages and salaries, including non monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employee service upto the end of the reporting period and are measured at the amount expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

l) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards ("ICDS") enacted in India by using tax rates and tax laws that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognised outside profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

Deferred taxes

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, except:

i) In respect of taxable temporary differences associated with investments in subsidiaries and associates, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

i) When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit and loss.

ii) In respect of deductible temporary differences associated with investments in subsidiaries and associates, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

m) Share based payments

Employees of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the year in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting year has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a year represents the movement in cumulative expense recognised as at the beginning and end of that year and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Nonvesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

For cancelled options, the payment made to the employee shall be accounted for as a deduction from equity, except to the extent that the payment exceeds the fair value of the equity instruments of the Company, measured at the cancellation date. Any such excess from the fair value of equity instrument shall be recognised as an expense.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

n) Segment reporting

In accordance with Ind AS 108, Segment Reporting, Segments are identified based on the manner in which the Chief Operating Decision Maker ('CODM') decides about resource allocation and reviews performance. Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

The Company has identified only one reportable business segment as it deals mainly in merchant solutions.

o) Earning per share

Basic earnings per share are calculated by dividing the net profit and loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity and compulsorily convertible preference shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit and loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

p) **Provisions and Contingent liabilities**

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company, or is a present obligation that arises from past event but is not recognised because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognised.

q) **Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) **Financial assets**

The Company classified its financial assets in the following measurement categories :-

- Those to be measured subsequently at fair value (either through other comprehensive income or through profit & loss)
- Those measured at amortized cost

Initial recognition and measurement :

Financial assets are initially measured at fair value except for Trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value of the financial assets, as appropriate, on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are recognised immediately in profit or loss.

Subsequent measurement :

For purposes of subsequent measurement, financial assets are classified in three categories:

- (i) At amortized cost
- (ii) At fair value through profit or loss ("FVTPL")
- (iii) At fair value through other comprehensive income ("FVTOCI")- Equity Instruments

At amortized cost

A 'debt instrument' is measured at the amortized cost if the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows and the asset's contractual cash flows represent Sole Payment of Principal and Interest ("SPPI") This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate ("EIR") method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. EIR is the rate that exactly discount the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate to the gross carrying amount of financial assets. When calculating the EIR the Company estimate the expected cash flow by considering all contractual terms of the financial instruments. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

At FVTOCI

A financial assets is subsequently measured at FVTOCI if it is held within a business modal whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of the financial assets give rise on specified date to cash flows that are SPPI on the principal amount outstanding. All equity investments in scope of Ind AS 109 are measured at fair value. The Company has made an irrevocable election to present in other comprehensive income all subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Profit and loss.

At FVTPL

FVTPL is a residual category. Any financial instrument, which does not meet the criteria for amortized cost or FVTOCI, is classified as at FVTPL.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit losses ("ECL") model for measurement and recognition of impairment loss on the following financial asset and credit risk exposure

- Financial assets measured at amortized cost;
- Financial assets measured at fair value through other comprehensive income (FVTOCI);

The Company follows "simplified approach" for recognition of impairment loss allowance on trade receivables. Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at the time of initial revenue recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on the historically observed default rates over the expected life of various categories of trade receivables and these are updated and changed based on forward looking estimates at every reporting date. For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL.

(ii) Financial liabilities

Initial recognition and measurement

Financial liabilities are classified at initial recognition as financial liabilities at fair value through profit or loss, loans and borrowings, and payables, net of directly attributable transaction costs. The Company's financial liabilities include loans and borrowings including bank overdraft, trade payable, trade deposits, retention money and other payables. The measurement of financial liabilities depends on their classification, as described below:

Trade Payables

These amounts represents liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate ("EIR") method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Impairment of non-financial assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of ten years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the tenth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses are recognised in the statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

r) Cash and cash equivalents and other bank balance

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

s) Treasury shares

The Company has created an Employee Stock Option Plan Trust (ESOP Trust). The Company uses ESOP trust as a vehicle for distributing shares to employees under the employee stock option schemes. The Company treats ESOP trust as its extension and shares held by ESOP trust are treated as treasury shares.

Own equity instruments that are held by the trust are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in the other equity.

t) Events occurring after the balance sheet date

Based on the nature of the event, the company identifies the events occurring between the balance sheet date and the date on which the standalone financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the company may provide a disclosure in the standalone financial statements considering the nature of the transaction.

Notes to Standalone financial statements for the year ended March 31, 2023

(All amounts in Rs. Millions, unless otherwise stated)

2.3 Recent accounting pronouncements, to the extent applicable to the Company

Recent accounting pronouncements, to the extent applicable to the Company. The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

* The Company has created an ESOP Trust for providing share based payments to its employees. The Company treats the trust as its extension and shares held by trust are treated as treasury shares. Own equity instruments that are reacquired (treasury shares) are recognized at cost and deducted from equity share capital.

During the year ended March 31, 2022, the Company has concluded the buyback of 21,832 equity shares at a price of Rs. 34,028.48 per equity share ("Buyback") as approved earlier by the Board of Directors on February 24, 2022. Buyback was completed on March 13, 2022 and the equity shares bought back were extinguished on March 13, 2022. Total outflow of Rs. 742.91 million has been utilized from the share capital and securities premium, in line with the requirement under the Companies Act, 2013. Further, tax on Buyback and Buyback related expenses amounting to Rs. 173.02 million and Rs. 1.20 million respectively have also been utilized from Securities Premium. Additionally, Capital Redemption reserve of Rs. 0.22 million (equivalent to nominal value of the equity shares bought back) has been created out of Surplus/(Deficit) in the statement of Profit and Loss, in line with the requirement under the Companies Act, 2013. Consequent to extinguishment of shares so bought back, the paid up equity share capital has been reduced by Rs. 0.22 million.

Exit Rights to Instruments entirely equity in nature

The Company has entered into shareholders agreement with various private equity investors for purchase of shares. As per the terms of SHA, the Company will initiate a qualified institutional placement offer ('QIPO') on a recognised stock exchange.

After the expiry of 36 months from the Initial Closing Date, if the Majority Investor Shareholders determine, in their sole discretion, that the Company will not be able to satisfy its obligation to consummate the QIPO, the Majority Investor Shareholders shall have the right to require the Company and the Promoters to complete a Liquidation Event.

If the Company is unable to, for any reason, complete a QIPO within the agreed period, then the Majority Investor Shareholders shall have the right to issue a written notice ("Exit Notice") to the Company and the Promoters to provide an exit to the Investor Shareholders who elect to participate in such exit ("Electing Investor Shareholders") specifying that the Company and/or the Promoters shall provide an exit to such Electing Investor Shareholders in the ways, determined by the Company.

In reference to Ind AS 32, as per previously entered CCPS agreements for series A to D, the Exit Right clause stated that the Company and the promoter to provide an exit to the Investor shareholder who elect to participate in such exit a) buyback of shares held by electing investors b) sale of shares in favour of third party c) combination of (a) and (b). The above condition for right by investor requiring the Company to buyback gives rise to classification of CCPS as liability; however the amendment was agreed with the investors as below:

As per clause 24.9.1 of series E - "This agreement along with the Management Rights letters and RTS agreements, sets out the entire agreement and understanding between the parties with respect to the subject matter hereof and supersedes and extinguishes any and all prior discussions, correspondence, arrangements or agreements between the parties hereto with respect to the matters contained in the agreement, whether in oral or written."

As per Clause 13.4 Other exit options: - "if the company is unable to, for any reason, complete a QIPO or sale event by drop dead date, then the Special Investor Super Majority shall, after the Drop dead date, have the right to issue a written notice to the Company and founders to provide an exit to the investors who elect to participate in such exit specifying that the Company and/or founders shall provide an exit to such electing Investors by way of sale of shares held by electing investors in favour of third party at a price and on such terms acceptable to the Special Investor Super Majority in their sole discretion".

As per Ind AS 32, a contract that contains an obligation for an entity to purchase its own equity instruments for cash or another financial asset gives rise to a financial liability for the present value of the redemption amount unless specified otherwise.

CCPS are convertible into fixed number of shares subject to anti dilution clause which is in the company's control. Company may choose not to issue shares at lower price. If company fails to complete QIPO then the company shall provide exit by way of sale in favour of third party. Now post issuance of series E, the Company do not have obligation to buy back shares instead can arrange a third party to purchase shares of the Company.

Based on above and in accordance with IND AS 32, the Company is not obligated to purchase its own instruments and accordingly has classified the CCPS under "Equity"

Securities Premium

The amount represents the additional amount shareholders paid for their issued shares that was in excess of the par value of those shares. The same can be utilised for the items specified under section 52 of Companies Act, 2013.

Equity Instruments through Other Comprehensive Income

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the Equity instruments through Other Comprehensive Income within equity. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

Share Based Payment Reserve

The share options-based payment reserve is used to recognise the grant date fair value of options issued to employees under Employee stock option plan.

Retained Earnings

Retained earnings are the profits/(loss) that the Company has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement (loss)/gain on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

Capital Redemption Reserve

As per the provisions of Companies Act, 2013, Capital redemption reserve is created when a company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve. The reserve can be utilised in accordance with the provisions of Section 69 of Companies Act, 2013.

General Reserve

The Company appropriates a portion to general reserves out of the profits voluntarily to meet future contingencies. The said reserve is available for payment of dividend to the shareholders as per the provisions of the Companies Act, 2013.

12 Financial Liabilities

12(i) Borrowings

Particulars	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Current			
Term Loan	-	-	63.64
Current maturities of Long-term borrowings	-	-	-
Others	1,718.08	-	-
Bank Overdraft (secured)	1,718.08	-	63.64
Total	1,718.08	-	63.64
Total (a+b)	1,718.08	-	63.64
Total current	1,718.08	-	63.64

Notes:

- a) Secured loan taken from Innoven Capital India Pvt. Ltd. of Rs. 200 million which is repayable in 22 equated monthly installments. The rate of interest is 14.30% p.a. The outstanding seven installments equivalent to 63.64 million had been fully repaid during the year ended March 31, 2022.
- b) The company has outstanding Bank overdraft facility of Rs. 1718.08 million (March 31, 2022 - Nil; April 1, 2021 - Nil) availed from ICICI Bank and HDFC Bank for OD-FD facility with interest rate ranging between 4.50% to 5% and tenure being up to twelve months.
- c) At March 31, 2023, the Company had available Rs. 825.12 million (March 31, 2022 - Rs. 209.30 million; April 1, 2021 - Rs. 166.90 million) of undrawn committed borrowing facilities.
- d) Fixed deposits lien of Rs. 2,711.83 million (March 31, 2022 - Rs. 209.30 million; April 1, 2021 - Rs. 166.90 million) marked for Kotak Mahindra Bank, ICICI Bank, HDFC Bank, Axis Bank, CITI Bank, Yes Bank and American Express for ODFD and Corporate Credit card respectively.

12(ii) Trade payables

	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Trade payables	66.55	25.17	3.47
Total outstanding dues of micro enterprises and small enterprises (Refer note 28)	1,315.38	858.67	519.05
Total outstanding dues of creditors other than micro enterprises and small enterprises	1,381.93	883.84	522.52
Total	1,381.93	883.84	522.52

Trade payables are non-interest bearing and are normally settled on 0-60 days terms.

For explanations on the Company's credit risk management processes, refer note 38.

For terms and conditions relating to related party payables, refer note 34.

Trade Payable ageing schedule

As at March 31, 2023

Particulars	Outstanding for following periods from transaction date				Total
	Less than 1 year	1-2 years	2-3 years	More than 3 years	
Total outstanding dues of micro enterprises and small enterprises	66.55	-	-	-	66.55
Total outstanding dues of creditors other than micro enterprises and small enterprises	1,119.36	0.05	-	-	1,119.41
Accrued Expenses	195.97	-	-	-	195.97
Total	1,381.88	0.05	-	-	1,381.93

As at March 31, 2022

Particulars	Outstanding for following periods from transaction date				Total
	Less than 1 year	1-2 years	2-3 years	More than 3 years

15 Revenue from Operations

(a) Disaggregated revenue information

Set out below is the disaggregation of the Company's revenue from operations:

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
Sale of services		
Revenue from Merchant Solutions	8,399.38	6,006.34
Sale of goods		
Revenue from sale of traded goods	8.10	12.13
Total revenue from operations	8,407.48	6,018.47

Note:

Refer Note 34 for transactions with related parties.

Revenue on the basis of geographical location

	For the year ended March 31, 2023	For the year ended March 31, 2022
India	8,404.10	6,016.07
Outside India	3.38	2.40
Total revenue from operations	8,407.48	6,018.47

Timing of revenue recognition

	For the year ended March 31, 2023	For the year ended March 31, 2022
Services rendered at a point in time	8,399.38	6,006.34
Goods Transferred at a point in time	8.10	12.13
Total revenue from operations	8,407.48	6,018.47

(b) Contract balances

The following table provides information about receivables, contracts assets, and contract liabilities from contracts with customers.

	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Trade receivables [Refer note 6(ii)]	626.98	443.28	140.75
Contract assets [Refer note 6(vi)]	506.73	379.97	208.94
Contract liabilities [Refer note 14]	(684.34)	(451.76)	(340.79)

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days. During the year ended March 31, 2023, Rs. 165.28 millions (March 31, 2022 - Rs. 55.63 millions) was recognised as provision for expected credit losses on trade receivables. (refer note 22)

The contract assets primarily relate to the Company's rights to consideration for services completed but not billed at the reporting date. The contract assets are transferred to the receivables when the rights become unconditional.

The contract liabilities relates to payments received to be adjusted against either provision of service or refundable to customer on request on fulfilment of defined requirements.

16 Other income

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
16.1 Finance Income		
Interest income on:		
- Bank deposits at amortised cost	361.57	230.68
- Loan to subsidiaries	20.71	-
- Income tax refund	2.68	1.05

	5.25	2.60

* Fees of Rs. Nil million (March 31, 2022 - Rs. 1.20 million) for buyback certification has been charged to Securities Premium as part of buyback expenses.

23 Finance costs

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
Interest at amortised cost		
- Term Loan		3.05
- Interest on lease liabilities (refer note 30)	45.74	9.03
- Bank Overdraft	46.22	-
Bank Charges	0.94	0.37
	92.90	12.45

24.1 Exceptional items

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
Amortisation of Intangible assets [Refer Note 4]	120.00	-
Provision for impairment in value of Investment in subsidiaries [Refer Note 6(i)]	124.68	-
Provision for impairment in value of Investment in associate [Refer Note 5]	111.60	-
	356.28	-

24.2 Components of Other Comprehensive Income (OCI)

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
Re-measurement (loss)/gain on defined benefit plans	(2.02)	(2.82)
Gain/(loss) on sale of equity & preference instruments carried at FVTOCI	(19.90)	-
Changes in fair value of equity & preference instruments carried at FVTOCI	(54.75)	-
	(76.67)	(2.82)

25 (Loss)/Earning per share (EPS)

Basic earnings per equity share has been computed by dividing net profit after tax by the weighted average number of equity shares outstanding for the year. Diluted earnings per equity share has been computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	Units	For the year ended March 31, 2023	For the year ended March 31, 2022
Total profit/(loss) for the year attributable to equity shareholders	Rs. Millions	(1,641.23)	(549.35)
Weighted average number of equity shares for calculating Basic EPS	Numbers	20,17,866	16,90,855
Weighted average number of equity shares for calculating Diluted EPS	Numbers	20,17,866	16,90,855
Basic EPS [Nominal value Rs. 10 per share (March 31, 2022 - Rs. 10 per share)]	Rs.	(813.35)	(324.90)
Diluted EPS [Nominal value Rs. 10 per share (March 31, 2022 - Rs. 10 per share)]	Rs.	(813.35)	(324.90)
Basic EPS for the year 2021-22 including effects for rights issue	Rs.	NA	(319.41)
Basic EPS for the year 2021-22 including effects for rights issue	Rs.	NA	(319.41)

There are potential equity shares as on March 31, 2023 and March 31, 2022 in the form of stock options issued. As these are antidilutive, they are ignored in the calculation of diluted loss per share and accordingly the diluted loss per share is the same as basic loss per share.

26 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Determining the lease term of contracts with renewal and termination options – Company as lessee

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

The Company included the renewal period as part of the lease term for leases of corporate offices and warehousing facilities with shorter non-cancellable period (i.e., three to five years). The Company typically exercises its option to renew for these leases because there will be a significant negative effect on operations if a replacement asset is not readily available. The renewal periods for leases with longer non-cancellable periods (i.e., 10 to 15 years) are not included as part of the lease term as these are not reasonably certain to be exercised. Furthermore, the periods covered by termination options are included as part of the lease term only when they are reasonably certain not to be exercised.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Impairment of Non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill and other intangibles with indefinite useful lives recognised by the Company.

Share Based Payments

Employees of the company receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for equity instruments (equity-settled transactions). In accordance with the Ind AS 102 Share Based Payments, the cost of equity-settled transactions is measured using the fair value method. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognized in the statement of profit and loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality table. The mortality table tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. Further details about gratuity obligations are given in note 29.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Useful life of Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment loss, if any. Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

Depreciation on all property plant and equipment are provided on a written-down value method based on the estimated useful life of the asset. The management has estimated the useful lives and residual values of all property, plant and equipment and adopted useful lives based on management's assessment of their respective economic useful lives. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Depreciation on the assets purchased during the year is provided on pro-rata basis from the date of purchase of the assets. An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising from Derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Impairment of investment in subsidiaries

The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Impairment of goodwill

The Company estimates the value-in-use of the cash generating unit (CGU) based on the future cash flows after considering current economic conditions and trends, estimated future operating results and growth rate and anticipated future economic and regulatory conditions. The estimated cash flows are developed using internal forecasts. The discount rate used for the CGU's represent the weighted average cost of capital based on the historical market returns of comparable companies.

Loss allowance on trade receivables

The Company uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due of various customers that have similar loss patterns (i.e., by geography, product type, customer type and rating, and coverage by letters of credit and other forms of credit insurance). The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic product) are expected to deteriorate over the next year which can lead to an increased number of defaults in the manufacturing sector, the historical default rates are adjusted. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The Company considers a financial asset in default when contractual payments are 180 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

27 Details of CSR Expenditure

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
a) Gross amount required to be spent by the Company during the year	-	1.06
b) Amount approved by the Board to be spent during the year	-	1.06
c) Amount spent during the year ending on March 31, 2023:		
i) Construction/acquisition of any asset	-	-
ii) On purposes other than (i) above	-	-

29 Employee Benefits

A. Defined Contribution Plans

The Company makes contribution towards Provident Fund and Pension Scheme to the defined contribution plans for eligible employees. The Company has charged the following costs in Contribution to Provident Fund and Other Funds in the Statement of Profit and Loss:

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
Employer's contribution to Provident fund and pension schemes	24.07	9.81
Employer's contribution to Employees State Insurance	0.00	0.01
Employer's contribution to Employees National Pension System	8.96	-
Total	33.03	9.82

B. Defined Benefit Plans

Gratuity:

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, employees who have completed five years of service are entitled to specific benefit. The level of benefit provided depends on the member's length of service and salary retirement age. The employee is entitled to a benefit equivalent to 15 days salary last drawn for each completed year of service with part thereof in excess of six months subject to maximum limit of INR 2 million. The same is payable on termination of service or retirement or death whichever is earlier.

The present value of the obligation under such defined benefit plan is determined based on an actuarial valuation as at the reporting date using the projected unit credit method, which recognises each year of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligations are measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans is based on the market yields on Government bonds as at the date of actuarial valuation. Actuarial gains and losses are recognised immediately in the Other Comprehensive Income (OCI).

The Company has a unfunded defined benefit gratuity plan.

The following tables summarise the components of net benefit expense recognised in the statement of profits or losses and amounts recognised in the balance sheet for the respective plans:

(i) Benefit liability

	As at March 31, 2023	As at March 31, 2022	As at April 01, 2021
Present value of obligation at beginning of the year	30.35	15.85	9.24
On account of acquisition of subsidiary	-	3.17	-
Interest cost	2.20	1.29	0.62
Current service cost	11.85	7.41	6.08
Actuarial (loss)/gain on obligation	-	(1.56)	0.05
- Demographic assumptions	(0.15)	16.03	(0.07)
- Financial assumptions	2.18	(11.65)	0.08
- Experience adjustment	(1.26)	(0.20)	(0.15)
Benefits paid	45.18	30.35	15.85
Present value of obligation at the closing of the year			

(ii) Gratuity Cost recognised in the Statement of Profit and Loss:-

	For the year ended March 31, 2023	For the year ended March 31, 2022
Current service cost	11.85	7.41
Net interest on net defined benefit liability / (asset)	2.21	1.29
Expense recognised in the Statement of Profit and Loss*	14.06	8.70

(iii) Gratuity Cost recognised through Other Comprehensive Income:-

	For the year ended March 31, 2023	For the year ended March 31, 2022
Actuarial (gains) / losses	-	(1.56)
- change in financial assumptions	(0.15)	16.03
- change in demographic assumptions	2.18	(11.65)
- experience variance (i.e. Actual experience vs assumptions)	2.02	2.82

(iv) The principal actuarial assumptions used for estimating the Company's defined benefit obligations are set out below:

	As at March 31, 2023	As at March 31, 2022	As at April 01, 2021
Discount rate	7.36%	7.26%	6.76%
Future salary increase	10.00%	10.00%	6.00%
Average expected future working life (years)	26.59	27.67	28.36
Retirement age (years)			
Mortality rates inclusive of provision for disability*			
Withdrawal rate (per annum)			
- Up to 30 years	30.00%	30.00%	3.00%
- From 31 years to 44 years	28.00%	28.00%	2.00%
- From 44 years to 58 years	25.00%	25.00%	1.00%

*Indian Assured Lives Mortality (2012-14) Ultimate represents published mortality table used for mortality assumption.

(v) A quantitative sensitivity analysis for significant assumption is as shown below:

	As at March 31, 2023	As at March 31, 2022
Impact of the change in discount rate		
a) Impact due to increase of 0.50 %	(0.88)	(0.58)
b) Impact due to decrease of 0.50 %	0.91	0.61
Impact of the change in salary increase		
a) Impact due to increase of 0.50 %	0.76	0.50
b) Impact due to decrease of 0.50 %	(0.74)	(0.49)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on the defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting year. These analysis are based on a change in a significant assumption, keeping all other assumptions constant and may not be representative of an actual change in the defined benefit obligation as it is unlikely that changes in assumptions would occur in isolation of one another.

(vi) The following payments are expected contributions to the defined benefit obligation in future years:

	As at March 31, 2023	As at March 31, 2022
Within the next 12 months (next annual reporting period)	7.29	5.34
Between 2 and 5 years	23.86	16.07
Between 5 and 10 years	14.03	8.94
Beyond 10 years	-	-
Total expected payments	45.18	30.35

30 Leases**Company as a Lessee**

The Company has adopted Ind AS 116 'Leases' using the modified retrospective approach from April 1, 2021. On adoption, the company has recognised a right-of-use asset and corresponding lease liability of Rs. 25.29 million.

The Company has lease contracts for warehouses and office spaces used in its operations. These generally have lease terms between 1 and 10 years. The Company's obligations under its leases are secured by the lessor's title to the leased assets. There are several lease contracts that include extension and termination options and variable lease payments, which are further discussed below.

The Company also has certain leases contracts for office premises and certain facilities with lease terms of 12 months or less and leases of office premises and certain facilities with low value. The Company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases.

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the year:

Particulars	Total
As at April 1, 2021	25.29
Additions Consequent to Business combination of Subsidiary	149.43
Additions	208.07
Deletions	-
Depreciation expense	(30.14)
As at March 31, 2022	352.65
Additions	676.81
Deletions	-
Depreciation expense	(140.00)
As at March 31, 2023	889.46

Set out below are the carrying amounts of lease liabilities recognised and the movements during the year:

Particulars	Total
As at April 1, 2021	24.77
Additions Consequent to Business combination of Subsidiary	153.74
Additions	206.60
Deletions	-
Accretion of interest	9.03
Payments	(35.31)
Rent concession*	1.80
As at March 31, 2022	360.63
Additions	653.84
Deletions	-
Accretion of interest	45.74
Payments	(148.08)
As at March 31, 2023	912.13

* During the year, the Company has availed rent concessions of Rs. Nil (March 31, 2022 - Nil; April 1, 2021 - 1.80 million) from lessors on account of COVID-19 and recorded the same as other income in the statement of profit and loss consequent to amendment in Ind AS 116 "Leases" (Refer note 16.2).

The following is the break-up of current and non-current lease liabilities:

Particulars	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Lease Liabilities (Non-current)	758.67	152.05	16.75
Lease Liabilities (Current)	153.46	208.58	8.02
Total	912.13	360.63	24.77

The maturity analysis of lease liabilities is disclosed in Note 38.

The effective interest rate for lease liabilities is 9.15%, with maturity between 2023-2032.

The following are the amounts recognised in profit or loss:

Particulars	As at March 31, 2023	As at March 31, 2022
Depreciation expense of right-of-use assets	140.00	30.14
Interest expense on lease liabilities	45.74	9.03
Expense relating to short-term leases (included in other expenses)	8.11	0.57
Variable lease payments (included in other expenses)	247.83	113.99
Total amount recognised in profit or loss	441.68	153.73

The Company has several lease contracts that include extension and termination options. These options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Company's business needs. Management exercises significant judgement in determining whether these extension and termination options are reasonably certain to be exercised (refer note 26).

31 Share-based payments

During the year ended March 31, 2017, the Company established Bigfoot Employee Stock Option Plan 2016 ("ESOP 2016") and the same was approved by the Board of Directors of the Company and came into existence w.e.f. August 16, 2016. The plan was set up so as to offer and grant, for the benefit of employees (excluding promoters and directors) of the Company, as specified in the said scheme, options of the Company in one or more tranches, and on such terms and conditions as may be fixed or determined by the Board, in accordance with the ESOP scheme.

During the year March 31, 2023, the Company established Bigfoot Acquired Businesses Employee Stock Option Plan 2022 ("ESOP 2022") and the same was approved by the shareholders in their meeting on 17th June 2022 ("EOM Meeting") authorizing the Board to issue Employee Stock Options to the Employees under ESOP 2022. The plan was set up so as to offer and grant, for the benefit of the Company, its Subsidiary in or outside India, and any successor Company thereof and may be granted to the Employees of the Company, or of its Subsidiary Company(ies), or its Holding Company, as determined by the Board at its sole discretion, options of the Company in one or more tranches, and on such terms and conditions as may be fixed or determined by the Board in accordance with the ESOP scheme.

The summary of the options granted under Bigfoot Employee Stock Option Plan 2016 are as below:

Bigfoot Retail Solutions Private Limited

CIN: U72900DL2011PTC225614

Notes to Standalone financial statements for the year ended March 31, 2023

All amounts are in Rs. millions unless otherwise stated

32 Current Tax and Deferred Tax

Provision for current tax is not required to be made as the Company has business losses during the year and also has brought forward losses. Since, it is not probable that the Company will generate future taxable profits, no deferred tax asset has been recognized on tax losses.

33 Commitments and Contingent liabilities

a. Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for: Nil

b. Contingent Liabilities

Claims against the company not acknowledged as debts:

Name of the statute	Nature of the dues	Amount	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961 [Refer Footnote (i)]	Income Tax	2.50	AY 2018-19	Commissioner of Income Tax (Appeals)

Footnote (i): Order of TDS Officer dated March 30, 2022 u/s 201 & 201(1A) was issued having demand of Rs. 2.50 million by INT TAX 1(1)(2) Delhi. The Company has filed an Appeal against this Demand with CIT(A). The management believes that the company has good chances of success in the above mentioned matter and hence, no provision is considered necessary.

D. Terms and Conditions of transactions with related parties

The sales to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables.

35 Segment Information

The Company is engaged in providing Merchant solution services in a single segment. Based on "Management Approach", as defined in Ind AS 108 – Operating Segments, the Chief Operating Decision Maker (CODM) evaluates the performance and allocates resources based on the analysis of performance of the Company as a whole. Its operations are, therefore, considered to constitute a single segment in the context of Ind AS 108 – Operating Segments.

As per Ind AS 108 – Operating Segments, where the financial report contains both the consolidated financial statements of a parent as well as the parent's separate financial statements, segment information is required only in the consolidated financial statements. Accordingly, no segment information is disclosed in these standalone financial statements of the Company.

36 Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, including those with carrying amounts that are reasonable approximations of fair values:

Financial Instruments by category

The carrying value and fair value of financial instruments by categories as of March 31, 2023 were as follows:

Particulars	Note No.	Amortised Cost	Financial assets/liabilities at fair value through Profit or loss	Other Comprehensive Income	Carrying amount
Assets:					
Investments (non-current)	6(i)	13,009.15	-	46.98	13,056.13
Other financial Assets (non-current)	6(vi)	531.32	-	-	531.32
Investments (current)	6(i)	-	208.20	-	208.20
Trade receivables	6(ii)	626.98	-	-	626.98
Cash and cash equivalents	6(iii)	489.08	-	-	489.08
Bank balances other than Cash and cash equivalents	6(iv)	75.99	-	-	75.99
Loans (current)	6(v)	518.92	-	-	518.92
Other financial Assets (current)	6(vi)	7,223.20	-	-	7,223.20
Total		22,474.64	208.20	46.98	22,729.82
Liabilities:					
Lease Liabilities (non-current)	3(i)	758.67	-	-	758.67
Borrowings (current)	12(i)	1,718.08	-	-	1,718.08
Lease Liabilities (current)	3(i)	153.46	-	-	153.46
Trade Payables	12(ii)	1,381.93	-	-	1,381.93
Other Financial Liabilities	12(iii)	598.64	-	-	598.64
Total		4,610.77	-	-	4,610.77

The carrying value and fair value of financial instruments by categories as of March 31, 2022 were as follows:

Particulars	Note No.	Amortised Cost	Financial assets/liabilities at fair value through Profit or loss	Other Comprehensive Income	Carrying amount
Assets:					
Investments (non-current)	6(i)	759.28	-	39.20	798.47
Other financial Assets (non-current)	6(vi)	9,893.88	-	-	9,893.88
Investments (current)	6(i)	-	55.04	-	55.04
Trade receivables	6(ii)	443.28	-	-	443.28
Cash and cash equivalents	6(iii)	180.71	-	-	180.71
Bank balances other than Cash and cash equivalents	6(iv)	63.16	-	-	63.16
Loans (current)	6(v)	-	-	-	-
Other financial Assets (current)	6(vi)	3,208.78	-	-	3,208.78
Total		14,549.10	55.04	39.20	14,643.34
Liabilities:					
Lease Liabilities (non-current)	3(i)	152.05	-	-	152.05
Lease Liabilities (current)	3(i)	208.58	-	-	208.58
Trade Payables	12(ii)	883.84	-	-	883.84
Other Financial Liabilities	12(iii)	376.19	-	-	376.19
Total		1,620.66	-	-	1,620.66

The carrying value and fair value of financial instruments by categories as of April 1, 2021 were as follows:

Particulars	Note No.	Amortised Cost	Financial assets/liabilities at fair value through Profit or loss	Other Comprehensive Income	Carrying amount
Assets:					
Investments (non-current)	6(i)	0.05	-	-	0.05
Other financial Assets (non-current)	6(vi)	1,086.15	-	-	1,086.15
Trade receivables	6(ii)	140.75	-	-	140.75
Cash and cash equivalents	6(iii)	66.43	-	-	66.43
Bank balances other than Cash and cash equivalents	6(iv)	739.78	-	-	739.78
Other financial Assets (current)	6(vi)	283.85	-	-	283.85
Total		2,317.02	-	-	2,317.02
Liabilities:					
Lease Liabilities (non-current)	3(i)	16.75	-	-	16.75
Borrowings (current)	12(i)	63.64	-	-	63.64
Lease Liabilities (current)	3(i)	8.02	-	-	8.02
Trade Payables	12(ii)	522.52	-	-	522.52
Other Financial Liabilities	12(iii)	104.29	-	-	104.29
Total		715.22	-	-	715.22

The following methods/assumptions were used to estimate the fair values:

The management assessed that cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair values of the quoted investments are based on price quotations at the reporting date. The fair value of unquoted instruments and other financial liabilities as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. In addition to being sensitive to a reasonably possible change in the forecast cash flows or the discount rate, the fair value of the equity instruments is also sensitive to a reasonably possible change in the growth rates. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.

The fair values of the unquoted equity shares have been estimated using a DCF model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility. The probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments.

37 Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level 1: This level of hierarchy includes financial assets that are measured by reference to quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: This level of hierarchy includes financial assets that are measured using inputs, other than quoted prices included within level 1, that are observable for such items, directly or indirectly.

Level 3: This level of hierarchy includes items measured using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data.

Specific valuation techniques used to value financial instruments is discounted cash flow analysis.

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities:

Fair value measurement hierarchy for financial assets and liabilities as at March 31, 2023:

Particulars	Note No.	Amortised Cost	Financial assets/liabilities at fair value through Profit or loss Quoted prices in active markets (Level 1)	Other Comprehensive Income Significant unobservable inputs (Level 3)	Carrying amount
Assets:					
Investments (non-current)	6(i)	13,009.15	-	46.98	13,056.13
Other financial Assets (non-current)	6(vi)	531.32	-	-	531.32
Investments (current)	6(i)	-	208.20	-	208.20
Trade receivables	6(ii)	626.98	-	-	626.98
Cash and cash equivalents	6(iii)	489.08	-	-	489.08
Bank balances other than Cash and cash equivalents	6(iv)	75.99	-	-	75.99
Loans (current)	6(v)	518.92	-	-	518.92
Other financial Assets (current)	6(vi)	7,223.20	-	-	7,223.20
Total		22,474.64	208.20	46.98	22,729.82
Liabilities:

Bigfoot Retail Solutions Private Limited

CIN: U72900DL2011PTC225614

Notes to Standalone financial statements for the year ended March 31, 2023

All amounts are in Rs. millions unless otherwise stated

Fair value measurement hierarchy for financial assets and liabilities as at April 1, 2021:

Particulars	Note No.	Amortised Cost	Financial assets/liabilities at fair value through Profit or loss Quoted prices in active markets (Level 1)	Other Comprehensive Income Significant unobservable inputs (Level 3)	Carrying amount
Assets:					
Investments (non-current)	6(i)	0.05	-	-	0.05
Other financial Assets (non-current)	6(vi)	1,086.15	-	-	1,086.15
Trade receivables	6(ii)	140.75	-	-	140.75
Cash and cash equivalents	6(iii)	66.43	-	-	66.43
Bank balances other than Cash and cash equivalents	6(iv)	739.78	-	-	739.78
Other financial Assets (current)	6(vi)	283.85	-	-	283.85
Total		2,317.02	-	-	2,317.02
Liabilities:					
Lease Liabilities (non-current)	30	16.75	-	-	16.75
Borrowings (current)	12(i)	63.64	-	-	63.64
Lease Liabilities (current)	30	8.02	-	-	8.02
Trade Payables	12(ii)	522.52	-	-	522.52
Other Financial Liabilities	12(iii)	104.29	-	-	104.29
Total		715.22	-	-	715.22

Reconciliation of Level 3 fair value measurement is as follows:

Particulars

Balance at the beginning of the year
Addition during the year
Fair value (loss)/gain on financial instruments at fair value through Other Comprehensive Income
Balance at the end of the year

As at March 31, 2023	As at March 31, 2022
39.20	-
62.54	39.20
(54.75)	-
46.98	39.20

As of March 31, 2023, March 31, 2022 and April 1, 2021, the fair value of cash and bank balances, trade receivables, other financial assets and liabilities, borrowings, lease liabilities, trade payables approximate their carrying amount largely due to the nature of these instruments.

(This space has been intentionally left blank)

38 Financial Risk Management Objectives and Policies

The Company's activities are exposed to variety of financial risk, credit risk, liquidity risk and foreign currency risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Company reviews and agrees on policies for managing each of these risks which are summarized below:

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, debt and equity investments and derivative financial instruments.

The sensitivity analyses in the following sections relate to the position as at March 31, 2023; March 31, 2022 and April 1, 2021.

The analyses exclude the impact of movements in market variables on the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities of foreign operations.

The following assumptions have been made in calculating the sensitivity analyses:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2023; March 31, 2022 and April 1, 2021.

(i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As majority of the financial assets and liabilities of the company are either non-interest bearing or fixed interest bearing instruments, The company's net exposure to interest risk is negligible.

(ii) Foreign Currency Risk

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the company. The company undertakes transactions denominated in foreign currencies and thus it is exposed to exchange rate fluctuations. The company has a treasury team which evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks and advises the management of any material adverse effect on the company. The company's net exposure to foreign currency risk is negligible.

(iii) Equity Risk

The Company's listed and non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and by placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all equity investment decisions.

(b) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

(i) Trade receivables

Trade receivables are typically unsecured. Credit risk is managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The ageing analysis of trade receivables as of the reporting date is as follows:

Particulars	Less than 6 months	6 months - 1 year	1-2 years	2-3 years	More than 3 years	Total
As at March 31, 2023	682.34	111.51	115.48	-	-	909.32
As at March 31, 2022	443.83	55.72	86.49	0.64	-	586.68
As at April 1, 2021	144.81	40.72	43.00	-	-	228.53

* The ageing of trade receivables does not include expected credit loss.

(ii) Expected credit loss for trade receivables using simplified approach

Gross carrying amount

Expected credit losses (Loss allowance provision)

Carrying amount of trade receivables (net of impairment)

	As at March 31, 2023	As at March 31, 2022	As at April 01, 2021
Gross carrying amount	909.32	586.68	228.53
Expected credit losses (Loss allowance provision)	(282.34)	(143.40)	(87.78)
Carrying amount of trade receivables (net of impairment)	626.98	443.28	140.75

(c) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including loans from banks at an optimised cost.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual payments:

As at March 31, 2023	Carrying amount	On Demand	Up to 1 Year	More than 1 year	Total
Borrowings	1,718.08	1,718.08	-	-	1,718.08
Lease Liabilities	912.12	-	153.46	758.67	912.12
Trade payables	1,381.93	-	1,381.93	-	1,381.93
Other financial liabilities	598.64	-	598.64	-	598.64
Total	4,610.77	1,718.08	2,134.03	758.67	4,610.77
As at March 31, 2022	Carrying amount	On Demand	Up to 1 Year	More than 1 year	Total
Lease Liabilities	360.63	-	208.58	152.05	360.63
Trade payables	883.84	-	883.84	-	883.84
Other financial liabilities	376.19	-	376.19	-	376.19
Total	1,620.66	-	1,468.61	152.05	1,620.66
As at April 1, 2021	Carrying amount	On Demand	Up to 1 Year	More than 1 year	Total
Borrowings	63.64	-	63.64	-	63.64
Lease Liabilities	24.77	-	8.02	16.75	24.77
Trade payables	522.52	-	522.52	-	522.52
Other financial liabilities	104.29	-	104.29	-	104.29
Total	715.22	-	698.47	16.75	715.22

39 Capital Management

For the purpose of the company's capital management, capital includes issued equity capital, instruments entirely equity in nature, securities premium and all other equity reserves attributable to the equity holders of the company. The primary objective of the company's capital management is to maximise the shareholder value.

The company's objectives when managing capital are to:

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders; and
- Maintain an optimal capital structure to reduce the cost of capital.

The company monitors capital by regularly reviewing the capital structure. As a part of this review, The company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The company includes within net debt, interest bearing loans, lease liabilities and borrowings, less cash and cash equivalents and liquid investments.

Particulars	Note	As at March 31, 2023	As at March 31, 2022	As at April 01, 2021
Borrowings	12(i)	1,718.08	-	63.64
Lease Liabilities	30	912.12	360.63	24.77
Less: Cash and cash equivalents	6(iii)	(489.08)	(180.71)	(66.43)
Less: Investment in mutual funds	6(i)	(208.20)	(55.04)	-
Less: Bank balances other than cash and cash equivalents	6(iv)	(75.99)	(63.16)	(739.78)
Net Debt (A)		1,856.93	61.71	(717.80)
Equity Share Capital	10	589.96	567.78	384.66
Share Consideration pursuant to Merger	40	0.12	0.12	-
Other equity	11(i)	18,918.42	13,404.39	906.74
Total Equity (B)		19,508.50	13,972.29	1,291.40
Capital and net debt (C)		21,365.43	14,034.00	573.60
Capital Gearing Ratio (%) (C/A)		8.69%	0.44%	Not Applicable since company does not have Debt as at year end

In order to achieve this overall objective, the company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the March 31, 2023, March 31, 2022 and April 01, 2021.

(This space has been intentionally left blank)

40 Business Combination of Glaucus Supply Chain Solutions Private Limited (Ind AS 103)

The Board of Directors of the Company, in its meeting held on March 13, 2022 had approved a Scheme of Arrangement in the nature of merger under section 230 to 240 and other applicable provisions of the Companies Act 2013 between the company ("Transferee Company") and Glaucus Supply Chain Solutions Private Limited ("Transferor Company"), a subsidiary of the Company and their respective shareholders and creditors ("Scheme"). On May 30, 2022, the Company filed the scheme with Hon'ble Delhi bench of National Company Law Tribunal ("NCLT"). The appointed date for the Scheme is April 1, 2022.

The NCLT approved the Scheme via an order dated April 28, 2023. In accordance with the Scheme, Glaucus Supply Chain Solutions Private Limited ("Transferor Company") has been merged with the Company, effective from April 1, 2022.

These transactions have been treated as business combination and the Company has applied pooling of interest method to account for such business combination. Based on the requirements of Appendix C to Ind AS - 103, the Company has restated financial information appearing in these financial statements in respect of previous period as if the business combination had occurred from the actual date of the combination in Transferor company i.e. February 10, 2022.

The details of Fair Value of assets and liabilities acquired of the Transferor company as on February 10, 2022 has been provided below:

Particulars	Amount
ASSETS	
Non-current assets	
Property, plant and equipment	32.28

41 First time adoption of Ind AS

These financial statements for the year ended March 31, 2023 are the Company's first financial statements prepared in accordance with Ind AS considering the date of transition as at April 1, 2021. For periods up to and including the year ended 31st March, 2022, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act, 2013, read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013. (Non-Ind AS compliant Schedule III) [Indian GAAP]. Accordingly, the Company has prepared these financial statements which comply with Ind AS applicable for periods ending on March 31, 2023, together with the comparative period data as at and for the year ended March 31, 2022, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 1, 2021, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at April 1, 2021 and the financial statement as at and for the year ended March 31, 2022.

Exemptions and exceptions availed

Ind AS 101, First-time adoption of Indian Accounting Standards allows first time adopters of Ind AS certain optional exemptions and mandatory exceptions from the retrospective application of certain Ind AS. The Group has applied the following exemptions and mandatory exceptions in the transition from previous GAAP to Ind AS.

A) Ind AS mandatory exemptions

A.1 Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at April 1, 2021 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

On assessment of estimates made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise such estimates under Ind AS, as there is no objective evidence of an error in those estimates. The estimates at April 1, 2021 and March 31, 2022 are consistent with those made for the same dates in accordance with Indian GAAP apart from the following item where application of Indian GAAP did not require estimation:

- Impairment of trade receivables based on expected credit loss model

The estimates used by the Company to present amount of trade receivables in accordance with Ind AS reflect conditions at April 1, 2021, the date of transition to Ind AS and as of March 31, 2022.

A.2 Derecognition of financial assets and liabilities

Ind AS 101, First-time Adoption of Indian Accounting Standards, requires a first-time adopter to apply the de-recognition provisions of Ind AS 109, financial instruments, prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101, First-time Adoption of Indian Accounting Standards, allows a first-time adopter to apply the de-recognition requirements in Ind AS 109, financial instruments, retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109, financial instruments, to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions. The Company has elected to apply the de-recognition provisions of Ind AS 109, financial instruments, prospectively from the date of transition to Ind AS.

A.3 Classification and measurement of financial assets and liabilities

The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109, financial instruments are met based on facts and circumstances existing at the date of transition.

Financial assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstances existing at the date of transition and if it is impracticable to assess elements of modified time value of money i.e. the use of effective interest method, fair value of financial asset at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.

Applying a requirement is impracticable when the entity cannot apply it after making every reasonable effort to do so. It is impracticable to apply the changes retrospectively if:

- The effects of the retrospective application or retrospective restatement are not determinable; or
- The retrospective application or restatement requires assumptions about what management's intent would have been in that period; or
- The retrospective application or retrospective restatement requires significant estimates of amounts and it is impossible to distinguish objectively information about those estimates that existed at that time.

B) Ind AS optional exemptions

B.1 Deemed cost

Ind AS 101 First time adoption of Indian Accounting Standards permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for intangible assets covered by Ind AS-38 Intangible Assets.

For all classes of property, plant and equipment and intangibles asset existing as on April 1, 2021, i.e. date of transition to Ind AS, the Company has used Indian GAAP carrying value as deemed cost as permitted by Ind-AS 101. Accordingly, the net written down value (WDV) as per Indian GAAP as on April 1, 2021 has been considered as gross block under Ind AS for other classes of property, plant and equipment.

B.2 Investments in subsidiaries, joint ventures and associates

As per Ind AS 27, the Company has an option to value its investments in subsidiaries and associates either at Previous GAAP Value or Fair value as deemed cost. The Company has opted for Previous GAAP values for all the subsidiaries and associate as per exemptions available on transition.

B.3 Business Combinations

The Company has availed the option to not apply Ind AS 103, retrospectively to business combinations that occurred prior to the transition date.

B.4 Fair value measurement of financial assets or liabilities at initial recognition

Ind AS 109 requires to initially recognize financial assets and liabilities at fair value and if the fair value differs from transaction price, the difference is recognized as gain or loss. The Company has elected to apply these requirements of initial recognition prospectively to transactions entered on or after the date of transition.

C) Reconciliations between previously reported Indian GAAP (IGAAP) and Ind AS

Ind AS 101, First-time Adoption of Indian Accounting Standards, requires an entity to reconcile equity, Balance Sheet and Statement of profit and loss for prior periods. The following tables represent the reconciliations from erstwhile Indian GAAP to Ind AS at the periods specified below.

Reconciliation of equity between Indian GAAP and Ind AS:

Particulars	Notes	As at 31 March 2022	As at 1 April 2021
Total equity (shareholder's funds) as per Previous GAAP		13,466.09	906.74
Add / (Less): Adjustments on account of transition to Ind AS:			
(a) Impact of creation of ROU asset and Lease liability as per Ind AS 116		(13.15)	-
(b) Provision for Credit note on expected credit loss model as per Ind AS 109		(48.97)	-
(c) Fair value of Mutual funds as per FVTPL model as per Ind AS 109		0.42	-
Net adjustments		(61.70)	-
Total equity (shareholder's funds) as per Ind AS		13,404.39	906.74

D) Reconciliation of Balance Sheet as at April 1, 2021 between Indian GAAP and Ind AS:

Other Comprehensive Income/(Loss):	24.2			
(a) Items that will not be reclassified to profit or loss in subsequent periods:				
(i) Re-measurement (loss)/gain on defined benefit plans		-	(2.82)	(2.82)
Total Other Comprehensive Income/(Loss) for the year (VIII)		-	(2.82)	(2.82)
Total Comprehensive Income/(Loss) for the year (IX=VII+VIII)		(854.16)	301.99	(552.17)

Notes to the reconciliation:

(i) Transition to Ind AS 116 "Leases"

The Company has applied Ind AS 116 using the modified retrospective approach wherein as on the Transition date the ROU Asset is equal to Lease liability. The right-of-use asset is subsequently depreciated from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

(ii) Valuation of Security Deposits

As per Ind AS 109, all financial assets and liabilities are required to be measured at their respective fair value. The interest free refundable security deposits are financial assets and are thus required to be measured at present value using an appropriate discount rate at the time of entering into lease agreement. The difference between the fair value and the transaction price has been recognised as prepaid rent and is amortised over the period of the lease on straight-line basis. The prepaid rent has been added to Right of use asset in case where the same has been created on lease arrangements. Subsequently, these security deposits have been measured at amortised cost and the resultant interest is accounted as finance income.

(iii) Remeasurements on defined benefit liability

Both under Previous GAAP and Ind AS the Company recognised costs related to post-employment defined benefit plan on an actuarial basis. Under Previous GAAP, actuarial gains and losses were recognised in the Statement of profit or loss, however under Ind AS all actuarial gains and losses are recognised in other comprehensive income.

42 Ratio Analysis and its elements

Ratio analysis and its elements	Numerator	Denominator	March 31, 2023	March 31, 2022	Variance (%)	Reason for Variance*
(a) Current ratio	Current assets	Current liabilities	2.06	2.06	-0.22%	
(b) Debt-equity ratio	Total Debt	Shareholder's Equity	0.13	0.03	422.36%	Increased due to short term borrowings taken during the year against FD's as per FD-OD terms.
(c) Debt service coverage ratio	(Loss)/Earnings for debt service = Net (loss)/profit after taxes + Non-cash operating expenses	Debt service = Interest & Lease Payments + Principal Repayments	(0.99)	(1.01)	2.26%	
(d) Inventory turnover ratio	Cost of goods sold	Average Inventory	3.24	1.96	65.64%	Increased due to increase in purchase of stock in trade during the year.
(e) Trade receivables turnover ratio	Net credit sales = Gross credit sales - sales return	Average Trade Receivable	11.24	14.77	-23.88%	
(f) Trade payables turnover ratio	Net credit purchases = Gross credit purchases - purchase return	Average Trade Payables	6.68	7.83	-14.66%	
(g) Net capital turnover ratio	Net sales = Total sales - sales return	Working capital = Current assets - Current liabilities	1.72	2.82	-39.01%	Reduced due to increase in working capital during the year.
(h) Return on equity ratio	Net (Loss)/Profits after taxes	Average Shareholder's Equity	(0.10)	(0.07)	-41.84%	
(i) Net profit ratio	Net (Loss)/Profit	Net sales = Total sales - sales return	(0.20)	(0.09)	-122.71%	Reduced due to losses incurred during the year.
(j) Return on capital employed	(Loss)/Earnings before interest and taxes	Capital Employed = Tangible Net Worth + Total Debt + Deferred Tax Liability	(0.07)	(0.04)	-90.87%	
(k) Return on investment	Interest Income on deposits with banks	Bank Deposits	0.04	0.03	17.50%	

*Ratios variances have been explained for any change by more than 25% as compared to the previous year.

(This space has been intentionally left blank)

43 Other Statutory Information

i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.

iii) The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.

iv) The Company have not traded or invested in Crypto currency or Virtual Currency during the financial year.

v) The Company have not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the intermediary shall :
a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

vi) The company have not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall :
a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

vii) The Company does not have any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

viii) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

ix) The Company has not revalued its Property, Plant and Equipment and Intangible assets during the year ended March 31, 2023.

x) The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period when the Code becomes effective.

xi) The Company has maintained proper books of account as required by law except for the August'22 MCA notification first year for which the company is implementing wherein it does not have servers physically located in India for the daily backup in relation to its accounting software. However, the company have backups of its invoicing software on servers maintained in India. Further, subsequent to the year-end, the Company is in the process of establishing mechanism for taking daily back-up of its accounting software in a server physically located in India.

44 Subsequent to the year ended March 31, 2023, the board of directors of the company, in the meeting held on August 29, 2023 has approved a composite scheme of arrangements under section 230 to 232 and other applicable provision of the Companies Act 2013 between the company ("Transferee Company") and Pickrr Technologies Private Limited ("Transferor Company"), a subsidiary of the company and their respective shareholders and creditors ("Scheme"). The scheme inter-alia provides for the Share entitlement ratio for the proposed demerger being 48,267 (Forty-Eight Thousand Two Hundred and Sixty-Seven) Non-Convertible Redeemable Preference Shares of Transferee Company having face value of INR 100 each fully paid up shall be issued for every 10 (Ten) equity shares held in Transferor Company having face value of INR 10 each fully paid up.

The Appointed Date for the Scheme is April 1, 2023 or such other date as may be determined by the Board of Directors of Transferee Company and Transferor Company or such other date as may be fixed or approved by the National Company Law Tribunal (NCLT) or such other competent authority. The scheme is subject to receipt of regulatory and other approvals inter-alia approvals from NCLT, Shareholders, creditors and others, as may be applicable.

45 Subsequent to the year ended March 31, 2023, the board of directors of the company, as a part of internal restructuring in the meeting held on August 29, 2023 has provided principal approval of the company's ("Transferee Company") plans to acquire the technology based platform solution from Wigzo Technologies Private Limited ("Transferor Company"), a subsidiary of the company on going concern basis by way of a Slump Sale for a lump sum consideration, in compliance with the provisions of Section 50B read with Section 2(42C) of the Income Tax Act, 1961. The company is in the process of formalising the plan and other terms and conditions associated with the said execution.

Standalone Notes to financial statements for the year ended March 31, 2023

(All amounts in Rs. Millions, unless otherwise stated)

- 46 There are numerous interpretative issues relating to the Supreme Court (SC) judgement on Provident Fund dated February 28, 2019. The company is already in compliance with said order for the year. However, there is uncertainty on the determination of the liability retrospectively, because theoretically there is no limit on how much retrospective it can get, and can begin from the commencement of operations of the company. The company will only record a provision, on receiving further clarity on the subject.
- 47 Previous year's figures have been regrouped / reclassified wherever necessary to confirm to current year's classification.
